Creative Vibes

Prosperity Poem 111

Creative vibes bounce all around
Just catch them while you play
Or when you work
Or during sleep
Catch hundreds every day

Then use the very best you find
You only need a few
So choose the best
Just leave the rest
And thank the muses too

Creative vibes don't live in us
They're zipping all around
Just harmonize
Use "inner eyes"
Creative vibes abound

You may not always see them there
But if you look you'll find
Success will grow
You'll surely know
The grand creative mind
