The mystery of womankind
And matrix of all things
From your rich power, to us each hour
Your gifts and bounty bring
For love and vision blended
Create the greatest good
Thus woman's love makes the most of
Both wealth and sisterhood

For gender flows eternally a part of who you are
So claim your skill, and with your will
Be guided by your star
Gain purpose from your vision
Connect with all your soul
With mind and hand, at your command
True wealth you can control
