The power of my mind  
From parentage divine  
To act with true free will  
And all my dreams fulfill

The power of my heart  
A kindness to impart  
To share life's path with you  
And keep the loving view

The power of my hands  
To carry out my plans  
To work with you, as friends  
For life - it has no ends

The power of my feet  
To walk where we can meet  
For when we act as one  
Our joy has just begun
